THE CHALLENGES OF THE BLUE WORLD WEBINAR SERIES

Space for smart and uncrewed shipping downstream services enabled by 5G and advanced PNT

“Space for smart and uncrewed shipping”

Announcement of Opportunity (AO) aims to support the development of space based downstream services and solutions relying on advanced technologies such as 5G and PNT (Positioning, Navigation and Timing) in the smart and uncrewed shipping domain.

Sub-themes:

- Towards Shipping 4.0
- Monitoring of coastal areas
- Maritime surveillance
- Environmental sustainability

AO Launch
planned March
2021

6 new calls for proposals were launched on 19 March 2021, under the European Institute of Innovation and Technology's (EIT) Urban Mobility initiative

- [Regional Innovation Scheme \(RIS\)](#)
- [Innovation programme](#)
- [Creating Public Realm](#)
- [Citizen Engagement](#)
- [Business Creation](#)
- [Academy](#)

The graphic features a blue and purple gradient background. On the left, there is an icon of three stacked coins with a Euro symbol (€) on the top one. To the right of the icon, the text 'CALL FOR PROPOSALS' is written in large, bold, white capital letters. Below this, the text 'Business Creation' is written in bold white, followed by the subtitle 'Turning innovation into businesses' in a smaller white font. At the bottom left, the 'eit Urban Mobility' logo is displayed, and at the bottom right, there is a small logo for 'Funded by the European Union' with the European Union flag. On the right side of the graphic, there is a photograph of a man in a blue shirt standing and talking to a woman sitting at a desk in an office setting.

The **application deadline** for each of the 6 calls for proposals is **18 May 2021**.

THREE PILLARS FOR IMPLEMENTATION

WIDENING PARTICIPATION AND STRENGTHENING THE EUROPEAN RESEARCH AREA

Widening participation and spreading excellence

Reforming and Enhancing the European R&I system
